About Comstock Holding Companies, Inc.

CHCI is a multi-faceted real estate development, asset management and real estate related services company that, since 1985, has designed, developed, constructed and managed several thousand residential units and millions of square feet of residential and mixed-use projects throughout the Washington, DC metropolitan market and in other key markets in the southeastern United States. In early 2018, CHCI transitioned its operating platform from being primarily focused on developing on-balance sheet, for-sale, homebuilding projects to being focused on commercial real estate development, asset management and real estate related services. As a result, CHCI began operating through two real estate focused platforms, CDS Asset Management ("CAM") and Comstock Real Estate Services ("CRES"). CAM provides real estate development, asset management, and property management services, while CRES provides development supply chain services, including capital markets, real estate brokerage, environmental consulting and design services in the Washington, DC metropolitan area and in New Jersey and Pennsylvania. Anchoring the transition of CHCI is a long-term asset management agreement covering two of the largest transit-oriented, mixed-use developments in the Washington, DC area; Reston Station, a 3 million square foot transit-oriented, mixed-use development located in Reston, VA, and Loudoun Station, a 2.5 million square foot transit-oriented, mixed-use development in Ashburn, VA, as well as other additional development assets. Comstock's substantial experience in entitling, designing, developing, and managing a diverse range of properties including apartments, single-family homes, townhomes, mid-rise condominiums, high-rise condominiums and mixed-use (residential and commercial) properties, as well as large scale commercial parking garages and infrastructure projects, has positioned the Comstock organization as a premier developer and real estate related service provider in the mid-Atlantic Region. The Company is a publicly traded company, trading on NASDAQ under the symbol CHCI. For more information about CHCI or its businesses, please visit www.ComstockCompanies.com.
